New York City Regional

We started the month off by competing in the NYC Regional. There, we placed as the 6th seed and advanced to playoffs as the 5th alliance with teams 2869 and 6873. Not only did we finish as finalists, we also took home the Excellence in Engineering Award that night!

Championship

From April 17th to 20th our team competed in the FIRST Championship in Houston. We visited team 118's workshop and the NASA Space Center during our time in Houston. We were placed in the Daly Division and finished as the 14th seed. We advanced to playoffs with 4028, 581, and 51 as the 5th alliance. Furthermore, our impact team presented during the competition, demonstrating our team's impact on our community. We learned so much from this season and we are looking forward to the offseason!

Expanding FLL Mentoring

This month, we began a First Lego League initiative in Williamsburg. Our participants have recently built a working robot. They will soon begin to learn to code movement into the bot.

Girl Scouts FLL Mentoring

For girl scouts this month, we continued helping them expand their knowledge on both engineering and programming. We are impressed by how much they have achieved.

STEAM Dream Day

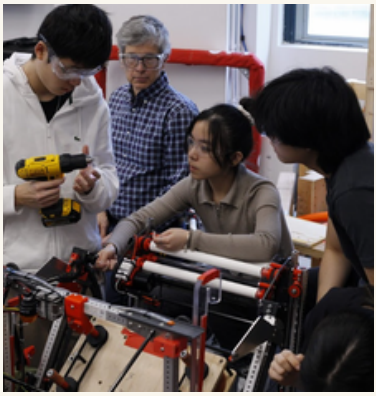

In celebration of Earth Month, on April 20th, StuyPulse participated in STEAM Dream Day at Battery Park City, an event we've been in since 2020. We set up wiggle bot stations with activities where families could assemble their own bots. This activity blends the arts with engineering by allowing participants to make creations that can both move and draw at the same time!

Offseason

Since the end of the season, our team has been reflecting on our performance during the year. We revised our team's charter and held elections for the next leaders of our team. Our mechanical and software engineers created different groups to work on various offseason projects. Meanwhile, the business department has continued planning demonstrations and future events.

Team Extravaganza

Following the end of the 2024 season, we will hold our annual team extravaganza on June 15th! It will be open to all of our team's supporters including but not limited to parents, alumni, mentors and sponsors. We will have a potluck where our team's families with each bring a dish! Along with that we will be giving gifts to our mentors and seniors who have helped us through this amazing season and many more before.
