Parent Night

On November 15th, we hosted our first ever Parent Night. Newbies' parents toured our lab and learned about our team's projects. We were able to show our season robot, Izzi, and off-season robot, Power of Friendship. We want to thank all the parents for making the time to come to this meeting and helping out our team!

Battery Park Library Demo

StuyPulse hosted a robotics demonstration at the Battery Park Library on November 21st. Despite the heavy weather that day, we were still able to transport the robot safely and exhibited our 2022 robot, Excelsior. Many kids and parents had a blast interacting with our robot!

Comcast Tour

On November 20th, StuyPulse was invited to a tour in the NBC building by one of our sponsors, Comcast. Members of the team had the opportunity to explore state-of-the-art facilities, learn about the operations of a major media company, and meet with industry professionals. Our excursion into NBC's high tech studios and show sets was an awe-inspiring experience for the team, and members are thankful for this amazing opportunity.

Senior Center

Every Thursday, members of the robotics teams visit the Senior Center to help our elderly neighbors with any technology problems. Volunteers have a blast sharing their stories and are always glad to give a helping hand!

FLL

During the month of November, we continued our FLL mentoring program with Girls Scouts. We love spending time with the kids and are so proud to see how far the girls have come in coding and STEM building since September. We also continued our FLL team in Bensonhurst where volunteers mentor the kids on building upon problem solving skills. Additionally, we are planning to resume our Williamsburg FLL program in December.

Upcoming Event: StuySplash!

Hosted by Team 694, StuySplash is an annual lecture series open to all FIRST teams. Lectures may cover topics such as pneumatics, computer vision, finding sponsors, and more. This year, StuySplash will be on December 14th, from 9:00 AM to 4:30 PM at Stuyvesant High School. If interested, be sure to check out our linktree for more information!
