Interest Meeting

Our robotics team had its annual interest meeting during the second week of school with over 100 students in attendance. During the interest meeting we showed off Wildcard, our robot from this season. It was amazing to see this many students with an interest in STEM.

Maker Faire

Our team was invited by NYC First to demo our robot during Maker Faire. We presented our robot to hundreds of people and let dozens of kids have a chance to drive our robot. Our members had a wonderful time at Maker Faire and hope that we go again next year!

Hudson Valley Rally

Our team attended Hudson Valley Rally, where we participated with three different robots (Wildcard, Mildcard, and Pegleg). It was pretty hectic having to play almost every match, but we were able to manage. All three of our bots had several problems throughout the competition, but we we able to overcome these obstacles with quick thinking and teamwork. During alliance selections Wildcard and Mildcard became the alliance captains for Alliance 1 & 3, respectively, while Pegleg was chosen by Alliance 4. Wildcard and Mildcard both ended up making it to finals. After three intense final matches Mildcard ended up victorious. We had an incredible time during this event, which was an event like no other for our team!
